

Friday, March 5

With a new schedule, this year's conference began with many adventures! The luncheon that traditionally has been held on the last day of the conference took place on Thursday with over 1300 attendees. Ron Clark entertained and inspired educators as the keynote speaker after spending time with attendees at an autograph session. Opening session was held in the exhibit area, poster sessions were part of the scheduled activities, and the evening plans included Discovery's LIFE preview and the Raleigh Restaurant Ramble. NCTIES conference attendees were communicating and sharing experiences through Twitter updates and coming together through similar interests on the NCSIG NING. Conference 2010 started with new adventures, new journeys, and great opportunities for discovery!
